Introducing Alexandria Moulding's Pocket Door Frames!

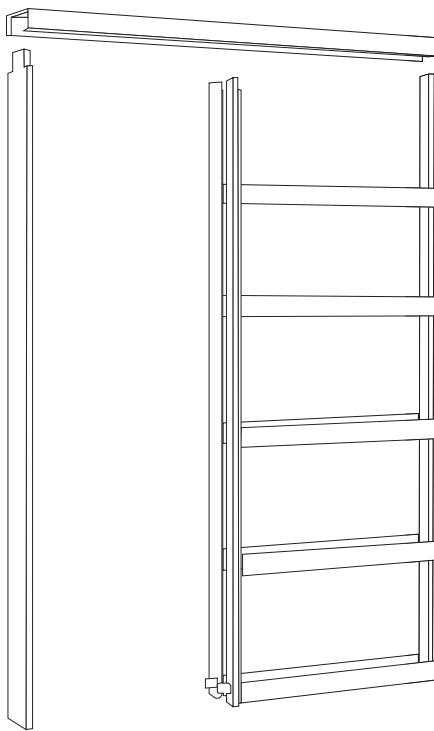

Our pocket door frames come pre-assembled and ready to install. Pocket doors are designed to create a modern and warm atmosphere throughout your home. Built for easy installation, pocket doors are the perfect addition to complete the look of a room.

Holding doors that weigh up to 150 lbs, our pocket door frames can fit into walls with a thickness of 4-3/8" and can sustain doors with a varying thickness of 1-1/8" to 1-3/8". Give yourself the space you need with the look you desire – include pocket doors in your home design, today!
