## ALEXANDRIA MOULDING ANNOUNCES ACQUISITION OF HOUSE OF FARA

ALEXANDRIA, ON, November 30, 2017 – Alexandria Moulding, a leading manufacturer and distributor of mouldings and related millwork products in North America, today announced that they have acquired House of Fara based in LaPorte, Indiana ([www.houseoffara.com](http://www.houseoffara.com)). House of Fara is a family owned business founded in 1961 by the Fara Family. They specialize in the manufacturing of standard, decorative, and embossed hardwood mouldings, in addition to other specialty products.

As Andre Cholette, President of Alexandria Moulding explains, “This partnership solidifies our hardwood supply and product offering through our distribution facilities. House of Fara has a strong, specialized team and is a cultural fit. We will leverage each other’s strengths to further enhance the value we bring to our customers.

The HOF assets will allow Alexandria to further strengthen our North American manufacturing presence so we can continue to provide best in class service to our customers.

“We have enjoyed a strong partnership with Alexandria Moulding for over a decade. We believe their values and approach to business matches ours. Our hardwood moulding capabilities is a natural extension of Alexandria’s business, giving significant growth potential and opportunities for our combined business and people”, said Mike Fara, President of House of Fara. Tom Fara will join the Alexandria team and support the integration and combined business over the long term. Mike Fara, Dan Fara, and Mark Martin have announced their intention to retire.

The integration of both companies will take place over the upcoming months. House of Fara’s customers will continue to receive the same high quality products and service which they have come to expect. House of Fara will continue to operate in the same building, with the same people, and maintain the legacy of a best in class supplier. Current customer and supplier relationships will not be affected by this transaction.

Mr. Cholette adds, “It will be business as usual as we continue to supply the market with quality hardwood mouldings.”

### About Alexandria Moulding

Founded in 1943, Alexandria Moulding is a leading moulding manufacturer and distributor of mouldings and related millwork products. Servicing the North American market from coast to coast and exports their products on a global scale. Alexandria Mouldings mission is to service their customers flexibly with cost effective quality mouldings, with 100% fill rate while being best in class and delivering value added products and service to their customer base.
