Moulding to Your Lifestyle

The traditional front porch... it's where we welcome friends and family into our home. Columns and Post Covers add timeless appeal, beauty, style and elegance to any space whether it is an interior or exterior application.

The Post Covers' uniquely crafted styles enhance your interior space while providing the functionality of covering basement support posts, electrical wiring or plumbing pipes.

Our architecturally load bearing designed columns will enrich the entry way of your home or can be used simply to define living areas with elegance and durability.

Best of all, many of our products require little or no maintenance and come with a lifetime warranty.
